

## Vertical Balers

### X-series

## Baler X25 HD FD

### Optimized for locations with space restrictions.

Fits in tight spaces with low ceilings. Very low height due to the cylinders being placed inside the machine.

### Very heavy bale weight

The long stroke and exceptional press force allow the X25 HD to produce heavy bales

### Highlights

- Handles diverse types of materials
- High volume chamber
- Retainer dogs prevent material from expanding
- Efficient and fast cycle time
- No openings or moving parts on outside of machine
- Low overall height
- Powder Coating provides durable finish in many colors

### Optional Extras

Get online access to your balers with our monitoring system called BRA-IN.

Personalize your baler with a custom RAL colour of your choice.

A galvanized surface makes your baler environmentally resistant.
