

Vertical Balers

X-series

Baler X25 HD FD

Optimized for locations with space restrictions

Fits in tight spaces with low ceilings. Very low height due to the cylinders being placed inside the machine.

Very heavy bale weight

The long stroke and exceptional press force allow the X25 HD to produce heavy bales.

Highlights

- Handles diverse types of materials
- High volume chamber
- Retainer dogs prevent material from expanding
- Efficient and fast cycle time
- No openings or moving parts on outside of machine
- Low overall height
- Powder Coating provides durable finish in many colors

Optional Extras

Get online access to your balers with our monitoring system called BRA-IN.

Personalize your baler with a custom RAL colour of your choice.

A galvanized surface makes your baler environmentally resistant.
