

Vertical Balers

X-series

Baler X40 Wide

Low profile design

Model X40 Wide is a low profile machine that fits installed under an 2,4 meter ceiling, and still makes a full 375 kg cardboard bale.

Many types of recyclables

This heavy duty low profile baler can handle plastic bottles, alu cans as well as cardboard and stretch wrap.

Highlights

- Minimum 375 kg bale of cardboard
- Less than 2,36 metre installed height
- Can be used for cardboard, stretch wrap, PET, alu cans etc.
- Low noise powerpack -- noise level like an office printer
- Powder Coating provides durable finish in many colors

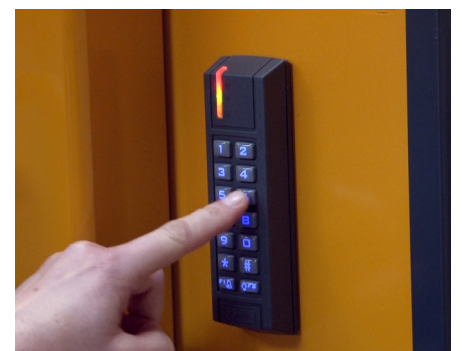

Optional Extras

You can always order our balers in custom colors, and get your stickers placed on them as well.

Built-in Intelligence monitoring system - called BRA-IN, optimizes use and logistics.

A digital auto lock will prevent unauthorized users from running the baler without a 4-digit code.
