

Vertical Balers

B-series

Baler B4 Textile

No retainer dogs inside chamber

The B4 textile is a dynamic machine for compacting clothing that is free of rips.

Manageable bales

Finished bales are small and manageable after safely removed with the two-hand ejection system.

Highlights

- Easy-to-use control panel
- Small base area and overall width (37 in.)
- Finished bales of just 30 x 20 x 24 in.
- Automatic ejection system
- Full bale indicator light
- Single-phase power connection
- Powder Coating provides durable finish in many colors

Optional Extras

To protect clothing, the chamber is free of retainers.

Gain remote control of your baler with our intelligent fleet monitoring system, BRA-IN.

Personalize your baler with a custom RAL colour of your choice.
