

Vertical Balers

B-series

Baler B6030 SD

Heavy bale weight

Compact cardboard, paper and soft plastic into 1,000 pound mill-size bales with the large 60 inch chamber.

High compaction ratio

An even amount of pressure applied to the material results in a compact and dense cardboard or plastic bale.

Highlights

- Extra wide chamber (>60 inches)
- Compacts large bulky materials
- Tie off finished bales with metal wire or polyblend strapping
- Lowest noise level in the market (<62 dB)
- Full bale light notification
- Automatic ejection of finished baler
- Powder Coating provides durable finish in many colors

Optional Extras

Control who operates your baler with a digital auto lock.

Get online access to your balers with our monitoring system called BRA-IN.

Balers are available in other RAL colours which you may choose.
