

Vertical Balers

X-series

Baler X30 LP

Handle high waste volumes

Fast cycle time, wide filling opening and superior press force make it possible to handle high waste volumes in short time.

Easy to fit in where you like

With an overall height below 2 meter, it is easy to install this baler anywhere you like. Strong cross cylinders and a heavy duty design make this a very durable machine.

Highlights

- For many different recyclables
- Low overall height
- High press force
- Very low noise level
- High speed and high efficiency
- Powder Coating provides durable finish in many colors

Optional Extras

Personalize your baler with a custom RAL colour of your choice.

Top-mounted strap holder lets you install your baler close to the wall.

Gain remote control of your baler with our intelligent fleet monitoring system, BRA-IN.
