

Vertical Balers

X-series

Baler X25

Fits into tight spaces and low ceilings

Internal cross cylinders make this baler very low in height and makes it easy to install.

Achieve high bale weight

The superior press force combined with a long stroke helps you achieve a high bale weight.

Highlights

- For various types of material – even expandable
- Large and wide chamber
- Retainers prevent in-chamber material expansion
- Short cycle time for fast clean up
- Moving parts are protected inside the machine
- Low overall height
- Powder Coating provides durable finish in many colors

Optional Extras

Order your baler in a custom colour. Certain parts like top cover remain our standard grey.

Strap holders on machine top eliminate going behind baler.

Gain remote control of your baler with our intelligent fleet monitoring system, BRA-IN.
