

Vertical Balers

X-series

Baler X25 Galvanized

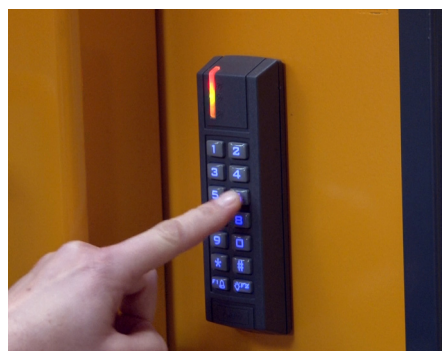

For challenging or wet environments

This baler is especially suitable for environments where there are no special hygienic requirements for stainless steel, but where demands on machine surface are so severe that an ordinary painted baler will have a short lifetime.

Highlights

- Galvanized according to DS/EN 1461:2009
- Resistant surface
- No flakey paint
- Suitable to be placed outdoors
- Easy installation
- Low overall height

Optional Extras

Restrict the access to your baler with a digital auto lock. Use a key tag or personal code.

Gain remote control of your baler with our intelligent fleet monitoring system, BRA-IN.

A flap door helps you handle bottles and cans easily without backrun.
