

Vertical Balers

B-series

Baler B4

Compact and powerful baler

The B4 is a compact baler with a small base area and low height – and a powerful press force.

Optimal working environment

You eject the finished bale by a safe two-hand operation.

Highlights

- Simple control panel
- Automatic bale ejection
- Automatic full baler indicator
- Very low noise level
- Low overall width and height
- Compacted bales
- Front operated for installation in narrow spaces
- Single phase power connection
- Powder Coating provides durable finish in many colors

Optional Extras

Control who operates your baler with a digital auto lock.

You may choose other RAL colours for your balers.

Get online access to your balers with our monitoring system called BRA-IN.
