

# Vertical Balers

## B-series

### Baler B5 Wide

#### For large and bulky materials

An extra wide baler designed to handle large and bulky materials. The largest boxes can be thrown right in without being broken down.

#### Easy installation and wide application

This baler operates on a single phase power supply, which makes it easy to install in a wide variety of environments.

#### Highlights

- High capacity – large output
- Wide filling opening (1 metre)
- Efficient retainers hold compressed material down
- The bale is tipped out automatically
- Front-placed strap rolls for easy strap change
- Operates on single phase power supply
- Complies with EU Safety Standard EN16500
- Powder Coating provides durable finish in many colors.

#### Optional Extras

With our monitoring system BRA-IN you can control and optimize your baler fleet.

Balers are available in other RAL colours which you may choose.

Block access to baler controls with auto lock.
