

# Intensive Wood Cleaner

## Treatment preparation

Intensive Wood Cleaner is a specially developed product for cleaning all indoor wooden surfaces and can be used on untreated, oiled, or lacquered wood. It is used for removing dirt and stubborn stains or as a pre-treatment before applying oil, lacquer, or soap.

- Effective cleaning that removes grease and dirt
- Suitable for all indoor surfaces
- Effectively prepares the surface for finishing
- Enhances colour intensity during oil treatment

## Application area

Suitable for cleaning both new and treated wood, as well as a primer for all wood types

## Work description

### Preparation

For particularly stubborn stains, WOCA Wood Stain Remover is recommended.

### Always Remember

Always remember to test on a less visible spot to check the compatibility of the surface with the product.

### Please note

This product is NOT to be used for regular, everyday cleaning. For best results, use two buckets: one with soap water and the second with clean water to rinse the dirty mop.
