Master Care

For lacquered, vinyl/LVT and laminate floors

WOCA Master Care is a maintenance product designed to smooth out small scratches, enhance surface resistance, and provide effective protection against wear. Its application helps extend the lifespan of surfaces or floors. Since it does not form a thick coating, WOCA Master Care can be applied as needed for ongoing maintenance.

- Nourishing and refreshing treatment, extends the floor's lifespan.
- Protects against wear and scratches
- Indoor Climate labelled

Application area

Can be applied on all types of vinyl, laminate, PVC, lacquered and painted surfaces.

Work description

Preparation
Thoroughly wash the floor with WOCA Intensive Wood Cleaner until the surface is perfectly clean. Rinse with clean water afterward and allow the floor to dry completely before applying WOCA Master Care.

Always Remember
Always remember to test on a less visible spot to check the compatibility of the surface with the product.

Treatment
Shake the container well before use. Apply the concentrated care product as a thin, even coat. If the cloth/mop becomes dirty, rinse in clean water and wring thoroughly. Then continue the application. Do not apply additional Master Care once a surface has begun to dry. Leave the floor to dry for approximately 30-60 minutes or until it is completely dry before use. No polishing or other treatment is required afterwards.

Please note
For optimal results, use WOCA Master Cleaner for the regular cleaning of treated surfaces.

Drying time

Drying time : 1-2 hours at 20°C

Re-treatment : 2-4 times a year or when required.

Technical data

Declaration: < 5%: Preservative (BENZISOTHIAZOLINONE). Preservative (2-BROMO-2-NITROPROPANE-1,3-DIOL)

VOC: 30 g/l, maximum VOC content (A/i (WB)): 140 g/l.

Density: 1.00-1.10 g/ml.

pH-value: pH 7-8

Shelf life: 3 years

Application Temperature: +15-30°C and approx. 50% air humidity.

Coverage: 60 m²/L

Colours: Colourless

Cleaning of tools: Use soap and water

Storage: +10-25°C. Keep out of reach of children. Do not expose to heat (e.g. sunlight). Store frost-free during winter and cool during summer.

Packaging sizes: 1 L

Dilution: Undiluted

Odour: Faint

Solid content: Under 10%

Mixing ratio: Ready to use. Do not dilute.

Maintenance and related products

Maintaining and cleaning
For daily cleaning, WOCA Master Cleaner is recommended.
