Master Invisible White Additiv

Ensures a lighter finish

Master Invisible White Additive can be used in WOCA Master Invisible 2K Lacquer, where a lighter finish is wanted.

- Intensifies the white colour of Master Invisible 2K lacquer
- Easy to mix

Application area

Work description

Always Remember
Always remember to test on a less visible spot to check the compatibility of the surface with the product.

Treatment
Shake Master Invisible White Additive well before mixing into the lacquer. Mix 100 ml Master Invisible White Additive into 5 L lacquer incl. hardener. Stir the mixture frequently during use to assure a uniform appearance.
