

Cleaner for Waterbased Products

Cleans tools and machinery used for water-based products

Cleaner for Water-based Products is used for efficient cleaning of industrial tools and machinery soiled with water-based products, both oxidative and UV-hardening. It helps maximizing productivity and achieves a faster start-up phase as well as high performance results, as no oil and colour remains will affect the process. Beyond that, the tools and machinery will also last longer when they are cleaned properly after use.

- Very efficient cleaning
- Excellent removal of water-based products
- Easy to use
- Helps improve productivity
- Improves durability of tools and machinery

Application area

For cleaning of rollers, brushes and spraying equipment. Please note: Aluminium can be discoloured.

Work description

Treatment
0

Drying time

Technical data

Density: 0.95-1.00 g/ml.

pH-value: pH 12-13

Shelf life: 2 years

Colours: Colourless

Storage: +10-25°C. Keep out of reach of children. Do not expose to heat (e.g. sunlight). Store frost-free during winter and cool during summer.

Packaging: 25 liters
