

Industrial Stain System 6+1 - White Base

For pre-colouring of wooden floors and furniture

The Industrial Stain System consists of water-based colorants designed to provide colour on all types of wood in a simple and fast way. The system enhances the natural variations in the wood, and modern and unique colour solutions can be achieved in combination with WOCA air-drying and UV-drying oils. The seven base colorants are available as ready-to-use colours, or they can be used as a unique colour mixing system.

- Unique look
- Instant colouration
- Can match colours of smoked and thermo-treated wood
- Can be used on all types of wood
- Must be treated afterwards with WOCA oils

Application area

For colour treatment of floors and furniture in all types of wood.

Work description

Intermediate sanding grits

Grit 400-500.
